

Hello, Parents!

2/11/10

Thank you for your understanding as we continue our efforts to streamline our lunch ordering system. I hope you' re getting the hang of it. One of its purposes is to make **your** life easier! Remember, you must send in the money for lunches with the order form. The kitchen cannot accept meal money on a daily basis any more. If no money is sent in with the order form, no lunches will be provided. Forms can be sent in weekly, every other week or monthly.

We' re running into one small glitch with pizza lunch. Please do NOT send any snack or drink money in with your lunch order form for pizza lunch. The only money that should be sent in with the order form is for the one slice (\$1.50) or two slices (\$3.00) that you' ve indicated on the order form. If your child wants a drink or snack on pizza lunch day, they should bring extra money in on that Friday, just like on other days. Any money OTHER than meals must be sent with your child daily. The kitchen can' t be responsible for any funds other than for the meals that is sent in with the forms. Thank you for your patience and your effort!

In His Service,

Mrs. Fretthold

Ps. Remember, free and reduced lunch kids need send in no pizza money with the order unless you need 2 slices. Then include \$1.50 but no snack or drink money. Thanks!
